

## GET(3519TT) reported Nov. 2014 consolidated sales

Dear Investors and Analysts:

Please be informed Green Energy Technology (3519TT) announced its consolidated net sales for November of 2014:

Sales for Nov. of 2014 were NT\$ 1,460 million, decreased by 5.6% MoM and increased by 14.2% from the same period of 2013.

### **Green Energy – Consolidated Sales Report:**

(Unit: NT\$ thousand)

<b>Net Sales</b> (Unit: NT\$ thousand)	<b>2014</b> (non-audited)	<b>MoM</b> (non-audited)	<b>2013</b>	<b>YoY</b>
<b>November</b>	<b>1,460,521</b>	<b>-5.6%</b>	<b>1,279,226</b>	<b>14.2%</b>
<b>Jan. through Nov.</b>	<b>14,041,819</b>		<b>11,692,339</b>	<b>20.1%</b>

GET capacity utilization in November kept 95%, shipment of November was similar to that of October. The MoM decrease was mainly from OEM percentage increase.

As U.S. DOC is expected to announce its final determination of anti-dumping on China and Taiwan at mid December, GET expects ASPs for supply-chain may be squeezed shortly if there're trade barriers, while high-end wafer should still be in strong demand with stable pricing.

At the same time, GET with support from Tatung group's global network is evaluating to set up module lines oversea, so as to well prepare for possible industry volatilities and to get close to end market for further profits.

(GET monthly revenues for reference)
